

**APPLICATION
for lump-sum settlement of retirement benefits**

Pursuant to the current Regulations, an application for the lump-sum payment of the retirement pension (or part thereof) must be submitted at least six months before the pension entitlement takes effect.

I would like to take advantage of this option and request the payment of% or CHF of my retirement benefits in the form of a lump sum.

I am aware that all claims vis à vis the Pension Fund are discharged for the part of the retirement pension that I withdraw as a lump sum.

My personal details:

Last name:..... AHV no.:

First name:..... Place / date:

Signature of applicant:

Signature of spouse:
(with notarial certification or other verification)

The Board of Trustees has taken note of this application.

Place / date:

On behalf of the Board of Trustees:

Note: It is a good idea to submit the application for the lump-sum payment of the retirement pension at the latest six months before the earliest possible date of early retirement, i.e. at the age of 57 ½ years.
