

**APPLICATION
for lump-sum payment of part of the spouse's pension**

According to the current regulations, an application for the lump-sum payment of part of the spouse's pension (up to 50%) can be submitted at the latest six months after the death of the spouse.

I would like to take advantage of this option and request the payment of % of my survivors' benefits in the form of a lump sum.

I am aware that all claims vis à vis the Pension Fund are discharged for the part of the spouse's pension that I withdraw as a lump sum.

My personal details:
